Dr. C. J. Moffert-Dear Sir-Justice to you demands that I should give you my experience with your excellent medicine, Teethina. Our little girl, just thirteen months old, has had much trouble teething. Every remedy was exhausted in shape of prescriptions from our family physician. Her bowels continued to pass off pure blood, and burning fever continued for days at a time. Her life was almost despaired of. Her mother determined to try Teethina, and, in a day or two, there was a great change—new life had returned—the bowels were nearly regular, and thanks to-Teethina, the little babe is now doing well.
